

## LASER FACIALS

These treatments are non-invasive, and painless, with NO side effects and NO downtime.

All of our facials are done with Anesi Aqua Vital products. The number of treatments is tailored to your individual skin care desires, needs, and concerns.

In recent customer feedback, patients noticed visible skin improvements after just 1 to 2 treatments. We will discuss your personalized treatment regimen during your appointment.

## EMS BODY SCULPTING

Sculpt your dream body today! Our treatment will tone, tighten & transform you. HIFEM technology drives the gain effect of “muscle hypercontraction” exercise, which cannot be achieved by fitness exercise.

This results in a simultaneous increase in muscle volume, and muscle fiber density, improves rectus diastasis, and aids in fat burning.

EMS is the only treatment that builds muscle while reducing fat!
